

The Human Capital

"Mining the knowledge Community"

As the name suggests, people **form the core of our business at The Human Capital**.. Founded by professionals with rich experience of different IT Domains, we **believe we understand better the needs of both the customer and the candidate and seek to strike a match which adds value for both.**

We work hard to remain one of the best worldwide providers of IT staffing services to our customers and strive to be the benchmark in providing quality employment opportunities to people.

The Human Capital has established itself as a leader in the IT and Telecom **talent acquisition** services industry, offering customers a continuum of services to meet their needs throughout the employment and business cycle.

A network of offices in India and **US** enables **The Human Capital** to meet the needs of its customers, including small and medium size enterprises as well as **some of the world's largest** multinational corporations.

We focus on raising productivity of staffing through improved quality, efficiency and cost-reduction, enabling customers to concentrate on their core business activities.

Vision

"To realize President Kalam's dream of India 2020 as a developed nation through finding the potential technical leaders".

Mission

To significantly contribute to the Indian Sunrise sectors' quest to build a knowledge centric empire.

Strategies

Strategies to achieve our vision:

Market Focus - Focus on industries, geographies and customers that have strong long-term growth opportunities for staffing services and solutions.

Partnerships - We aim to develop and maintain strategic staffing partnerships with our valued clients.

Technology - Aggressively implement cutting-edge IT and e-commerce solutions in the business.

We have the people, the processes and the passion to succeed

Since inception, The Human Capital has rooted itself in high-quality IT talent recruitment principles and an unwavering commitment to delivery. These twin strengths enable The Human Capital to adapt smoothly to the rapid evolution of technology while maintaining constant focus on the changing business needs of our clients.

We combine our comprehensive understanding of the client's business and industry with our cutting edge recruitment practices and superb delivery with the goal of seeking to exceed client expectations.

Mining The Knowledge Community

We keep our promises

The Human Capital is committed to building stronger, deeper relationships with our clients to help them overcome business challenges. We foster a culture that prizes consistency, a high level of service and the delivery of competitive, value-added solutions.

The Human Capital meets client challenges by having the best people and processes in place to consistently deliver services and solutions on time and on budget, across technologies and industries.

Executive Management

The Human Capital is headed by two ex-HCL executives with similar DNA, who moved through different career routes and came together after a decade with a common goal.
